- This form is to be filled out by the Prime Contractor listing up to ten contract items that will be subject to Fuel Price Adjustment. The form must be submitted at the Pre-Construction Conference or by the Notice to Proceed Date, whichever comes first.

- Items measured on a Lump Sum basis are NOT eligible.

* - Accumulated diesel fuel, propane fuel and gasoline fuel costs may NOT exceed 20% of the Unit Bid Price without justification acceptable to the Engineer.

- The Contractor will provide diesel, propane and gasoline fuel costs for the respective contract items.
